

RECORD DETAILS

Household ID	
Slum ID	
SURVEYOR: IF RESPONDENT IS NOT THE MOST KNOWLEDGABLE, ASK TO SPEAK TO THE PERSON MOST KNOWLEDGEABLE ABOUT THIS BUSINESS.	

SECTION X: GENERAL QUESTIONS ABOUT THE BUSINESS*

*Let us define a “business” in the following way: each business consists of an activity you conduct to earn money, where you are not someone’s employee. If you conduct several activities—for instance, you sell phone cards and you operate a kirana store—please consider them as separate businesses if you keep track of the income and expenses separately (in separate log books or separate cashboxes). If you consider them as separate businesses, please make sure you do not report the same expenses or income twice (for instance if you pay the electricity for the phone card business and the kirana store together, report it for the business that uses most electricity. If you conduct several activities but you keep track of the income and expenses together (in the same log book or the same cashbox), please consider them as the same business and tell me about all the income and expenses together. Include only those household businesses for which you are either the sole owner or for which you have the main responsibility. Include outside business for which you are the person in the household with the most responsibility.

INTERVIEWER NOTE: INCLUDE ONLY RENTAL INCOME FROM BUSINESS ASSETS THAT HAVE NOT BEEN COUNTED IN THE EARLIER SECTION ON INCOME FROM RENTS

READ QUESTIONS & RECORD HERE

X1.35 What inputs did you use for your business last month? (Do not double count: if the price for the input has been counted as a piece rate, do not include it here.) Include both what was bought this month and what may have been bought at another time but was used this month. Exclude electricity, water, and taxes. List all inputs and then list total amount paid for each input. Do not include what was purchased but not used (and is therefore stock), i.e. if you purchased 5 saris this month but sold only 4, then we need to record the purchase price of 4 saris, not 5.
